Post-Graduate Educational Activity

In order to create a profile which was as representative of the graduating class as possible, the college combined post-graduate educational data collected from the surveys with data gathered from the National Student Clearinghouse (NSC). Of alumni graduating in the classes of 2013 and 2014, for whom information on postgraduate educational pursuits was available through either the Colorado College Alumni Survey or the National Student Clearinghouse (as of August 2018 and August 2019):

Note: Figures represent the proportion of students pursuing/having completed degrees (counting all degrees for students who have pursued more than one) out of all students with known post-graduate academic pursuits. For the class of 2013, this number is 232 alumni, or 44.4% of the entire class. For the class of 2014, this is 245 alumni, or 47.4% of the entire class.

Of those who were found to either be pursuing or have completed a degree (and whose degree was identified) at the time of the surveys:
