2018 WESTERN STATES SURVEY

Interview Schedule

Public Opinion Strategies/FM3

December 2017-January 2018 N = 400 voters per state (AZ, CO, ID, MT, NV, NM, UT & WY) Margin of Error: <u>+</u> 4.9% per state

Margin of Error: ± 2.65% effective overall sample

In this document:

- An asterisk (*) in a response category means that less than 0.5% of respondents chose that response category and a dash (-) represents no response.
- An carrot (^) denotes rounding. Due to rounding, some figures may be higher or lower by less than one-half of one percent.
- "Skip base" is the percentage of voters that are asked a question because they meet a criteria based on a response to a previous question, meaning not all 3,200 respondents received that question.
- "Total base" is the percentage of the total sample, in this survey that is 3,200 voters.

1. Over the past year, how many times do you think you have visited public lands managed by U.S. agencies, such as national parks, national forests, national monuments, national wildlife refuges, or Bureau of Land Management Lands? (ROTATE)

TOTAL SAMPLE: Summary of Actions - Ranked By % Support

Actions	% Support	% Oppose
Requiring oil and gas producers who operate on national public lands to use updated equipment and technology to prevent leaks of methane gas during the extraction process and reduce the need to burn off excess natural gas into the air	75%	15%
Raising fees to enter some of the country's largest National Parks during the peak seasons	37%	49%
Privatizing the management of campgrounds, visitor centers and other services provided at National Parks and other national public lands	32%	50%
Expanding how much public land is available to private companies which pay for the ability to drill for oil and gas on public lands	29%	59%
Expanding how much public land is available to private companies which pay for the ability to mine for uranium and other metals on public lands	26%	60%
Allowing mining on public lands next to the Grand Canyon National Park, a practice that is currently banned	18%	70%

Let me tell you about one more proposal --

26. Three years ago, the U.S. government, Western states and governors created plans to protect habitat for the threatened sage grouse and other wildlife. The Interior Department now says these plans should be changed to allow more oil and gas production and other activities. Opponents of changes say that the plans had public input and were created in collaboration with states to avoid wildlife like the sage grouse becoming endangered.

Would you prefer keeping these plans or changing them?

(IF KEEP/CHANGE) And, do you feel that way STRONGLY or NOT-SO-STRONGLY?

Thinking now about national monuments, which are existing public lands that are managed similar to national parks to prioritize conservation of wildlife habitat, historic and archaeological sites, while allowing for outdoor recreation. Mining, drilling and other industrial activities are NOT allowed, however.

I'm going to read you a list of words and phrases, and please tell me whether you think each one describes national monuments in the West. Does it describe them - (ROTATE) -- very well, somewhat well, not very well, or not at all? The (first/next) one is... (RANDOMIZE)
